

# DIKSHYA SINGH

UI/UX DESIGNER

+91 9966321620 • Kathmandu, Nepal • Portfolio • LinkedIn • Github • dikshyasingh99@gmail.com

## ABOUT ME

Detail-oriented and creative Computer Science student with a strong passion for UI/UX design and front-end development. Skilled in crafting responsive web and mobile applications using React, HTML, CSS, and JavaScript, and experienced in designing intuitive user interfaces through Figma and modern design systems. Combining a designer's eye for aesthetics with a developer's problem-solving mindset, I strive to create digital experiences that are both visually engaging and highly functional. Constantly exploring emerging technologies, I aim to bring innovation and user-centered thinking to every project I work on.

## EDUCATION

<b>SRI VENKATESWARA COLLEGE OF ENGINEERING AND TECHNOLOGY</b> <i>Affiliated with Jawaharlal Nehru Technological University Anantapur</i> Bachelor in Computer Science & Engineering	2022-2026
<b>UNITED ACADEMY</b> +2 in PCMB	2020-2022

## SKILL

- Programming Languages**  
Java, C#, Html, CSS, Javascript(Basics)
- Tools**  
Canva, Penpot, Figma, Wix Studio, Git, Github, Firebase, Android Studio
- Database**  
MySQL, MongoDB, Firebase
- UI/UX, Web Development & Platforms**  
Responsive Web Design, UI/UX Design Principles, Wireframing & Prototyping, Website Revamping, Mobile App Design, Design Systems, User Research, Website Performance Optimization, ERP Interface Design, Odoo ERP, Odoo Theme Customization, Web Interface Design, AI-Assisted Design Tools, Frontend Design Collaboration

## EXPERIENCE / INTERNSHIP

### UI/UX Design Intern MAR-PRESENT

WebSage

- Crafted UI/UX solutions for 3+ mobile applications with focus on responsive layouts, usability, and modern interface experiences
- Modernized and restructured 4+ business websites, boosting user experience and visual presentation
- Established logos, branding assets, and reusable design systems for multiple digital projects
- Managed ERP interface layouts and workflow systems using the Odoo ERP platform
- Customized Odoo themes and interfaces to refine functionality, navigation, and overall user interaction
- Conducted UI/UX research and competitor analysis to support feature planning and design decisions
- United with developers and project teams to ensure consistent and user-friendly product experiences
- Leveraged Figma, AI-assisted tools, and modern design practices to accelerate delivery speed and workflow productivity

### UI/UX Design Intern JAN - MAY, 2026

Rebalance

- Planned and delivered UI/UX solutions for 4+ web-based projects, including MSME Website and AI 360 Website
- Generated professional reports, presentations, and digital assets including Green Financing reports for business and client use

- Revamped branding and interface layouts for Desi and Charaka projects, enhancing visual consistency and user engagement
- Built responsive wireframes, layouts, and modern web interfaces using Figma and AI-assisted design tools
- Boosted workflow efficiency by integrating AI-powered tools for faster content and interface generation
- Worked together with cross-functional teams to refine usability, accessibility, and responsive user experiences

## UI/UX Design Intern

DEC 2025–MAR2026

### EZWinds

- Produced 10+ professional menu layouts and branding materials for restaurant and business clients
- Contributed to website and application revamping projects focused on modern UI/UX enhancements and responsive layouts
- Refined visual hierarchy, typography, and interface consistency across multiple client platforms
- Assisted in restructuring user interfaces to increase customer engagement and usability
- Cooperated with teams to deliver visually appealing and brand-focused digital experiences within project deadlines

## PROJECT EXPERIENCE

---

### Full Stack Development Intern

#### IIDT with APSHE and Blackbucks Engineering virtual Internship

- Developed and deployed responsive web applications using HTML, CSS, JavaScript, and MongoDB.
- Built interactive UI components with React.js, improving user engagement.
- Optimized database queries, enhancing website performance by 30%. Deployed applications via Firebase for scalability and reliability

### Budget Tracker

Created a collaborative expense management platform supporting multiple shared rooms with secure invitation systems, real-time transaction tracking, in-app messaging with push notifications, and comprehensive spending analytics with interactive visualizations .

### Portfolio website

A showcase of my journey in web development – crafting responsive and interactive experiences using HTML, CSS, JavaScript, and React, with a focus on clean design and seamless user experience using figma.

### TO-DO List APP

- Goal: Users can add, edit, and delete tasks.
- Focus: Clean layout, intuitive buttons, and color coding for task priority.
- Tip: Mobile-first design is a plus

### Attendance App

Designed in Figma with a high-quality UI, this attendance tracking app offers an easy and intuitive way to mark attendance, view clear dashboards, and access historical records all within a clean, mobile-friendly interface.

## CERTIFICATION

---

- Full Stack Java Development
- Frontend Web Development (Google, Microsoft, DevTown)
- UI/UX Developer L&T
- Project Management
- Cloud Computing Fundamentals
- UI/UX expert GUVI / HCL

## LANGUAGE

---

- Nepali
- English
- Hindi
